Crime Scene Basics

Name __________________________

1. Crime Scene Vocabulary

__________ _________: Any physical location in which a crime has occurred or is suspected of having occurred.

__________ Crime Scene: The original location of a crime or accident.

__________ Crime Scene: An alternate location where additional evidence may be found.

__________ : Person thought to be capable of committing a crime.

__________ : Second person associated with committing a crime.

__________ : Statement of where a suspect was at the time of a crime.

2. Types of Evidence

__________ evidence would be any witnessed accounts of an incident or crime.

__________ evidence would refer to any material items that are present at the crime scene or on the victims.

__________ evidence refers evidence that is found at a crime scene in small but measurable amounts.

3. What will evidence collected at a scene do for the investigation?

• May ____________ that a crime has been committed

• Establish any ____________ ______________ of a crime

• Link a ____________ with a crime scene or a victim

• Establish the ____________ of a victim or suspect

• Corroborate verbal ____________ testimony

• Exonerate the ____________.

• Give ____________ leads to work with in the case

4. Crime Scene Personnel

__________ ________________ are typically the first to arrive at a crime scene. They are responsible for securing the scene so no evidence is destroyed and detaining persons of interest in the crime.

The ____________ ________________ documents the crime scene in detail and collects any physical evidence.

The ____________ ________________ is often present to help determine if any search warrants are required to proceed and obtains those warrants from a judge.

The ____________ ________________ (if a homicide) may or may not be present to determine a preliminary cause of death.

__________ (entomologists, forensic scientists, forensic psychologists) may be called in if the evidence requires expert analysis.

__________ ________________ interview witnesses and consult with the CSI unit. They investigate the crime by following leads provided by witnesses and physical evidence.

5. Crime Scene Protocol

What steps will an investigator follow to analyze and document a crime scene?

__________ → ____________ → ____________ → ____________

T. Trimpe 2006  http://sciencespot.net/
Challenge: What evidence would you collect from this crime scene?

Circle the items you would collect and then explain how you would use them to gather clues about the crime.
