Finish this sentence - I like it when teachers ... *

Notice when I do something well and help me out when they know I'm not sure what to do (plus make other kids behave so they don’t bug me!)

Finish this sentence - I don’t like it when teachers ... *

Give us “busywork” assignments because we are in trouble, yell a lot, or punish everyone when it’s only a few kids causing trouble

Do you like working in groups?

Depends on the group – as long as everyone works, it’s great!

What else would I like you to know?

I enjoy teaching when learning can be fun for everyone. I do not enjoy having to act as a “baby sitter” for students who cannot behave and waste class time.
