

Mighty Eagles

Mighty eagle soaring high,
Symbol of our strength and pride.
Spreads his wings wider than you or I,
He glides like a jet plane in the sky.

Mighty eagle soaring high,
Spots his meal from the sky.
The predator dives - one shot at his prey,
If he's lucky he'll eat today.

Mighty eagle soaring high,
Listen for his warning cry.
DDT and fewer homes,
Put him in the endangered zone.

Mighty eagle soaring high,
Made a comeback we can't deny.
Thanks to you and people who care,
Eagles fill the skies everywhere!
